**When will Powerball® hold its first Monday drawing?**
Powerball® will hold its first Monday drawing on August 23, 2021 at 7:45 p.m. This will increase the number of Powerball® drawings from two to three nights per week: Monday, Wednesday, and Saturday.

**Why is Powerball® adding a drawing on Monday nights?**
The Powerball® Product Group decided to make this change to pick up the pace of the Powerball® game. To meet our players' expectations, Powerball is increasing the number of drawings from two to three nights a week. The additional ticket sales from a third weekly drawing are expected to:

- Produce bigger jackpots
- Generate faster-growing jackpots on a weekly basis
- Increase the number of cash prizes and jackpots awarded on an annual basis

**Will the additional drawing change the Powerball® game or prize structure?**
No. Players will continue to choose five numbers from 1 to 69 and one Powerball® number from 1 to 26. The set cash prizes will remain the same.

**Does the additional weekly drawing change the odds of winning?**
No. Players will still have the same odds of winning a prize, because the two pools of numbers from which the winning numbers are drawn will remain the same (5/69 + 1/26).

**What is Double Play®?**
Double Play® is a new add-on feature to the Powerball® game. For an additional $1 per play, players will have a second chance to match their Powerball® numbers in a second drawing with a set top cash prize of $10 million. The Double Play® drawing will be held after every Powerball® drawing on Monday, Wednesday, and Saturday.

**When will the Double Play® add-on feature launch?**
Players will be able to purchase tickets with Double Play® beginning August 22, 2021 for the first drawing to held on Monday, August 23 after the Powerball® drawing.

**How many lotteries will offer Double Play® when it launches?**
Washington is the only state in the Northwest with 12 other lotteries will offer Double Play® when it launches on August 23: Colorado, Florida, Indiana, Maryland, Michigan, Missouri, New Jersey, Pennsylvania, Puerto Rico, South Carolina, South Dakota, and Tennessee. Additional lotteries may choose to offer Double Play® at a later date.

**Will players have two separate sets of numbers?**
No. Players will play the same set of numbers in the Powerball® drawing and Double Play® drawing.

**Will Powerball® tickets with the Double Play® add-on feature be eligible to win prizes in both the Powerball® drawing and Double Play® drawing?**
Yes. Powerball® tickets that include the Double Play® add-on feature will be eligible to win prizes in both the Powerball® drawing and the Double Play® drawing.

**Will the Power Play® add-on feature apply to prizes won in the Double Play® drawing?**
No. The Power Play® add-on feature will only apply to non-jackpot prizes won in the Powerball® drawing.

**Can a Powerball® ticket include both the Power Play® add-on feature and Double Play® add-on feature?**
Yes, a Powerball® ticket can include both add-on features for a total price of $4 per play. Players may also elect to purchase one or none of the add-on features. ***Powerball tickets cannot be cancelled.***
*Powerball® - $2*
*Powerball® + Power Play® - $3*
*Powerball® + Double Play® - $3*
*Powerball® + Power Play® + Double Play® - $4*

**What are the odds for the Double Play®?**
Double Play® will have the same odds as Powerball® since the two pools of numbers from which the winning numbers are drawn are the same (5/69 + 1/26).

| Match | Double Play® Prizes | Powerball® Prizes | Odds |
|---|---|---|---|
| 5 out of 5 + Powerball® | $10,000,000 | Jackpot | 292,201,338.000000 |
| 5 out of 5 | $500,000 | $1,000,000 | 11,688,053.520000 |
